

**Title:** **AM-39-2 to R2: Let's give rivers a new life to save our own**

**Tabled by:** Esquerra Verda

### **Draft text**

#### **Insert from line 38 to 40:**

species. Rivers and river valleys should be kept unobstructed by dams and other infrastructure, preserved and restored to their natural state wherever possible. This is crucial also in order to preserve the natural sediment contribution that form and maintain Deltas, which are unique areas in terms of biodiversity, but also exceptionally rich agricultural areas. Obstruction causes lack of sedimentation, resulting into net loss of particularly valuable land. Rewilding rivers and river valleys goes hand in hand with the aims of protecting
