

**Title:** **AM-82-1 to R2: Let's give rivers a new life to save our own**

**Tabled by:** Esquerra Verda

**Draft text**

**Insert from line 81 to 83:**

morphological and natural conditions, while water courses regulated according to the old concepts need to be rewilded on a large scale. Large-scale and long-distance water transfers between basins for economic purposes is an old-fashioned practice with severe ecological consequences that should be discarded by default. Continuation of the technical approach to the management of river systems and their drainage basins

**Explanation / Comment**

Clarification and relevant at least at domestic level
