

Title: **AM-74-1 to R11: For an industrial role for electric cars serving the climate, employment, the environment and social justice.**

Tabled by: EGP Committee

Draft text

From line 73 to 76:

- opportunity to reindustrialise our territories and produce useful, qualified and stable jobs. ~~'Made in Europe' batteries should continue to be exempted from state-aid regulation until the competitiveness gap with foreign actors has been filled;~~ Excessive state aid regulations should not stand in the way of developing 'Made in Europe' battery production;
