

Title: **AM-53-1 to R11: For an industrial role for electric cars serving the climate, employment, the environment and social justice.**

Tabled by: Groen

Draft text

From line 52 to 53:

- is in favour of European market design rules that maximise the benefits of EV ~~auto~~self-consumption from ~~individual~~individual car owners' solar panels;.

Explanation / Comment

We like the concept of self-consumption (auto-consumption) but we don't know what exactly is meant by the rest of the sentence. This has to be clarified.
