

Title: **AM-54-1 to R11: For an industrial role for electric cars serving the climate, employment, the environment and social justice.**

Tabled by: Green Party of England and Wales

Draft text

From line 54 to 55:

- supports the development of EV-based ~~network~~electrical grid services (flexibility and storage, vehicle to grid);

Explanation / Comment

The language of this part of the resolution is unclear; we need to make it clear that it is the electrical grid, not some other network.
